**VII. Read the passage, then finish the tasks below (1.5 pts)**

What should you do with rubbish?

I happened to see this 6-year-old girl in Chang Mai, Thailand. She wasn't playing with toy. She was making it with ice-cream sticks. The toy was still simple, but it was a success for such a little girl. She still wanted to make more and more toys. While I was taking some photos of the toys, she was smiling nicely. What a clever girl!

I went to a café in Than Van Nhiep street, District 2 on a beautiful Sunday morning. The café was full when I got there. Some people were making decorations from old tyres and bottles. They were talking but they were working very hard too. Although their business was different, it was meaningful to the environment. Their start-up seemed to be a success story.
