MUSIC AND ARTS

Hi! My name is Andrew. I'm twenty years old. I love music. My earliest memory of music is the songs my mother used to sing to me when I was about three or four years old. I used to have music lessons at school too. My mother wanted me to take up the piano, but I didn't like it at all because I loved to play the guitar. When I was ten, I bought my first record with some birthday money. I think it was the record by the Beatles.

As I grew older, my musical taste changed. When I was a teenager, we used to go to clubs and pop concerts to see groups playing live, mostly rock and pop. At that time, I didn't like classical music at all. Later, when I went to university, I really got into classical music and started going to concerts. I was particularly <u>keen on</u> opera.

Nowadays, I listen to all sorts of music, but I'm not too keen on loud rock music. On the whole, I **prefer** classical music and opera, but I still listen to pop music in my car and play the guitar sometimes. I haven't been to any concerts for ages, but I've always got a CD at home. Music is an important part of my life.

Artists use colour to create patterns. Colour can also show different moods. Bright colours make us feel happy and energetic. Dark colours make us feel **calm** or sad. The primary colours are red, yellow, and blue. They are the colours that can be mixed together to make different colours. Mixing two primary colours makes a secondary colour. The secondary colours are orange, green, and violet. Orange is made by mixing yellow and red. Green is made by mixing yellow and blue. Violet is made by mixing red and blue. Intermediate colours can be made by mixing two primary colours and a secondary colour together. Some intermediate colours are blue violet and red orange. Black, white, and gray are special colours. They are called neutral colours.

Colours have been organised into a colour wheel. It shows the three primary colours, the three secondary colours, and the six intermediate colours. Artists use the colour wheel to help them know which colours they want to

use together. 37. What is the main idea of the passage? A. Artists only use dark colours. B. Artists like to paint sad pictures. C. Colours are used in art to create moods and patterns. D.
