HOW TO IMPROVE ENGLISH COMMUNICATION SKILLS

Find native English speakers: In certain areas it's the hardest thing to do, but it's the best use of your time. Talking to actual native speakers is the most effective way to improve your English skills, speaking or otherwise.

Slow down: If you want to be understood, slow down. The more clearly you speak, the better chance your listener has of understanding you. It's tempting to get nervous and want to speed up to get it all over with, but you can't do that! Clarity is key - for some native English speakers, too!

Record yourself: Though we hear ourselves all the time, we really don't know quite what we sound like. So record yourself! What are the weak and strong points you hear in your speech? And then you can concentrate on what you need to work on.

Speak English at home: This is the biggest, easiest mistake to make. You use English at work or in class and then you go home and and return to **your mother tongue**. Make sure to speak it at home, too. Have only English at the dinner table. Stick to English TV at home. **Make it as 24/7 as possible.**
