As Christmas evolved in the United States, new customs were adopted and many old ones were reworked. The legend of Santa Claus, for example, had origins in Europe and was brought by Dutch settlers to New York in the early 18<sup>th</sup> century. Traditionally, Santa Claus - from the Dutch Sinter Klaas - was depicted as a tall, dignified, religious figure riding a white horse through the air. Known as Saint Nicholas in Germany, he was usually accompanied by Black Peter, an elf who punished disobedient children. In North America he eventually developed into a fat, jolly old gentleman who had neither the religious *attributes* of Saint Nicholas nor the strict disciplinarian character of Black Peter.

Santa's transformation began in 1823, when a New York newspaper published the poem *A Visit from Saint Nicholas*, which Clement Clark Moore had written to amuse his daughter. Portraits and drawings of Santa Claus by American illustrator Thomas Nast further strengthened the legend during the second half of the 19<sup>th</sup> century. Living at the North Pole and assisted by elves, the modern Santa produced and delivered toys to all good children. By the late 19<sup>th</sup> century he had become such a prominent figure of American folklore that in 1897, when Virginia O'Hanlon wrote to the *New York Sun* newspaper asking if Santa was real, she received a direct answer: "Yes, Virginia, there is a Santa Claus".
