

Note: Each correct answer earns 0.2 points.

I. PRONUNCIATION (0.8 points)

A. Choose the word whose underlined part is pronounced differently.

1. A. means B. floats C. thinks D. stops
2. A. machines B. devices C. drones D. companies

B. Choose the word that has a different stressed syllable from the rest.

3. A. printer B. robot C. future D. **discuss**
4. A. astronaut B. gravity C. **deliver** D. exercise

II. VOCABULARY AND GRAMMAR (2.4 points)

Choose the best option (A, B, C or D) to complete each of the following sentences.

5. There is no _____, so everything floats in space.
A. space station B. **gravity** C. space suit D. devices
6. In 2030, _____ will deliver most things in less than half an hour.
A. smart walls B. 3D printers C. smart screens D. **drones**
7. In 20 years from now, I think scientists might be able to print new human body parts using _____.
A. **3D printers** B. drones C. smart homes D. automatic food machine
8. Now we drive petrol cars, but in 2040, all transport _____ electric.
A. was B. is C. **will be** D. have to be
9. In 10 years' time, I think people will wear _____ clothes. These clothes will change color or shape when it's too hot or cold.
A. eco-friendly B. technology C. friendly D. **smart**
10. Nowadays, we can use some computers by touching their _____.
A. smart walls B. **screens** C. printers D. helpers
11. I think technology _____ make the world a better place.
A. **will** B. won't C. have to D. is going to
12. My dream house will be _____ the sea, so in my room I can see beautiful fish and other sea animals in front of, behind, above or below me. That will be amazing!
A. near B. by C. **under** D. on
13. People _____ on Mars someday, but it is too expensive to travel there now.
A. live B. are living C. lived D. **will live**
14. A: How might homes change in the future?
B: _____
A. Many people lived under the sea.
B. Scientist would find life on other planets.
C. **We might use our mobiles to turn on everything in our homes.**
D. I think life is different now from in the past.

15. What does the sign mean?

- A. There are a few skateboarders in this park.
- B. You don't have go skateboarding in this park.
- C. You can't skateboard in this park.
- D. People might go skateboarding in this park.

16. What does the sign mean?

- A. You have to pay attention to your backpacks in this area.
- B. Please put your backpacks in this area.
- C. You can't buy any backpacks in this area.
- D. You can't wear backpacks in this area.

III. WORD FORMATION (1.2 points)

Write the correct form of the words in brackets.

- 17. Life in space is really different from life on Earth. (DIFFER)
- 18. In the future, many people will live under the sea; so underwater cities will become popular. (WATER)
- 19. In some countries, people will live underground in earthscrapers. (GROUND)
- 20. In the next 20 years, many homes might be smart homes with robot helpers to do the chores. (HELP)
- 21. In the future, many people will live in megacities - cities with a population of over ten million people. (CITY)
- 22. A(n) eco-friendly house is a house that is good for the environment. (FRIEND)

IV. LISTENING (2 points)

A. You will hear Jenny talking to her friend, Tom, about a TV show she watched. Listen and complete the summary with NO MORE THAN TWO WORDS for each blank.

FUTURE LIVES

The TV show *Future Lives* was about where people might live in the future. The biggest change will be that lots of people might live in (23) megacities. Cities might also be on the (24) sea. And there will be big buildings underground called (25) earthscrapers. People will live in (26) smart homes, too. Besides, we can use (27) 3D printers to make objects like clothes or furniture.

B. You will hear Jasper and Evie talking about astronauts. Listen and decide whether the following statements are True (T) or False (F).

- 28. If you want to become an astronaut, you don't have to study for a long time. False
- 29. There are special skills to live in space. True
- 30. Everything floats in space because there is no gravity. True
- 31. Astronauts can't use sleeping bags on the space station. False
- 32. If astronauts want to go outside, they have to wear spacesuits. True

V. READING (2 points)

A. Read passage and mark the following statements as True (T), False (F) or No Information (NI).

HOMES IN THE FUTURE

In the future, technology will allow homes to be 'smart'. There won't be any housework to do because everyone might have robot helpers to clean the house and cook the meals. Automatic fridges will tell you what food to buy. Alarm clocks will read your daily schedule and know what time you need to get up. Robots will go shopping, look after the children or drive you to work. Robots will be able to show feelings with their faces, too. They might smile, make eye contact or speak to you. And computers might even think like humans. In the future, we might not need to tell computers what to do because they might decide for themselves. Moreover, space tourism will be a popular type of holiday in the future. People will go on holiday to the moon or to other planets. I think that will be a really exciting life.

33. Thanks to robot helpers, we don't have to do household chores. True ____
34. We will go shopping when the refrigerator tells us to go. False ____
35. Robots will have feelings like humans. NI ____
36. Computers might be able to make their own decisions. True ____
37. Few people will have holidays on the moon or other planets. False ____

B. Read the following passage and fill in each blank with a suitable word or phrase from the box. There is ONE word/phrase that you don't need.

• observe • move • space station • lock • spacesuits • floats

A DAY IN SPACE

Life in space is not the same as life on Earth. Astronauts can live and work in the (38) space station for months. Every day, they get up, get dressed and have breakfast. Eating in space is interesting. Everything (39) floats around because there is no gravity. Space food is always dried and is put in small box and bags. After breakfast, they start working. Their job is to (40) observe the planets or take photos. Sometimes, astronauts need to go outside the space station. They call this spacewalking. They have to wear (41) spacesuits when they go for a spacewalk. After work, astronauts have to spend 2.5 hours doing exercise, so they can maintain their muscles and fitness. Finally, they go to bed. It's difficult to sleep because astronauts can't lie down. They have to (42) lock their sleeping bags to the walls.

VI. WRITING (1.6 points)

A. Lucy is asking her friends about how people will live in the future. Use the given words in the notes to write sentences.

Michael: there/ be/ many/ earthscrapers.
Emma: a few/ people/ live/ space stations.
Jack: lots/ people/ live/ eco-friendly homes.
Sarah: people/ not go/ supermarkets or markets.
Kim: people/ use/ 3D printer/ print/ food and clothes.

43. Michael thinks **there will/ might be many earthscrapers**.
44. Emma thinks **a few people will/ might live in (the) space stations**.
45. Jack **thinks lots of people will/ might live in eco-friendly homes**.
46. Sarah **doesn't think people will/ might go to supermarkets or markets**.
47. Kim **thinks people will/ might use 3D printers to print food and clothes**.

B. Rewrite the following sentences without changing the meaning.

48. It's possible that we will have robot pets in the future.

→ We **might/ may have robot pets in the future**.

49. Maybe people will be able to live on Mars.

→ People **might/ may be able to walk on Mars**.

50. We will probably live on the sea in the future.

→ We **might/ may live on the sea in the future**.

*****End – Of – Test*****

Audio script

Listening 1

G: Hey, Tom, did you watch *Future Lives* on TV last night?

B: No, I didn't. What was it about, Jenny?

G: It was about where people will live in the future. Things will change a lot.

B: Why? What's going to happen?

G: I think the biggest change will be that many people might live in megacities.

B: I don't like big cities.

G: Not just megacities. People might live in cities on the sea, too.

B: Wow! Where else will people live?

G: Big apartment buildings underground called earthscrapers.

B: Urgh!

G: They'll be eco-friendly.

B: Hmm, that's good. Anything else?

G: Yeah, we'll have smart homes in the future.

B: Great.

G: They'll have things like 3D printers to make all kinds of objects like new clothes or furniture.

B: They sound awesome!

Listening 2

Jasper: Let's review before the science test.

Evie: OK.

Jasper: How do astronauts get their job?

Evie: They have to go to school for a long time.

Jasper: Right. And don't forget they have to learn some special skills, too.

Evie: Like what?

Jasper: Like how to move and float in space because there's no gravity.

Evie: That's right.

Jasper: What do they need to do to sleep on the space station?

Evie: They have to lock their sleeping bags to the wall.

Jasper: And how do they check for problems outside?

Evie: They have to wear their spacesuit to go out and see.

Jasper: Great. I think we're ready.
