Gadget testers for a day! By Max Stevens and Tina Wallis

Today we're going to school by bus as usual. We normally leave home at 8.00 a.m., but we're leaving early because we're testing some new gadgets for this month's report. All these gadgets are useful when you're travelling. So, what have we got?

First, we're trying the **Sospendo**. It's a strange plastic gadget which works like an extra pair of hands to hold your phone or tablet. Tina's wearing it at the moment. She won't drop her tablet, but people are staring at her. I'm sure they're thinking, 'What on earth is she doing?'. Tina doesn't like this gadget!

Max

Now it's my turn. The next gadget is a tiny **controller**. You put it on your mobile or tablet so that you can play games. It looks cool, but I don't need this to play games on my phone.

Right now, Max is using the **Phorce** bag. You can use it to charge your phone or tablet. I often forget to charge my phone before I leave the house, so I think this is a brilliant idea. Max loves it, too. It's our favourite gadget!
