My cousin Mi loves building dollhouses, too, so I usually share my hobby with her. It is not hard to do it. I use cardboard and glue to build the house and make the furniture. Then I make the dolls from cloth. Finally, I decorate the house. When doing it I am more patient and creative. I will continue it in the future. I love it very much.

In the future I will continue this hobby. I hope I will be a famous chess player and I can take part in many chess competitions.
