Part 2. Circle the correct answer A,B,C and D that best fit the question below. (1.0 p)

Recently, my grandparents often recall how difficult their lives were when they were young, claiming that my generation has much easier lives than they had. I agree with them. In fact, life today is much more comfortable and easier than it was in my grandparents' youth for some reasons.

First, technology has made modern-day life much more comfortable than in the past. During my grandparents' time, life was rough and hard because all the work was done without any modern tools, so they had to do their laundry by hand, walked from one place to another. Furthermore, there was limited in entertainment choices in the past. They could at best listen to the radio or perhaps watch a black-and-white movie for pleasure.

In addition, people today have more leisure time than they did before. People no longer have to work very long hours like my grandparents did. Since my grandparents were farmers, they had to work in the rice field all day long even without resting on weekends. In contrast, many people today, including my parents, simply work from nine to five on weekdays and take weekends off. They therefore have much free time than my grandparents did, so they can spend more time on leisure activities. They go to the movies, go to the gym, or take trips. All these activities have positive affect on their quality of living.

In conclusion, people today have more comfortable and easier lives than in the past.

1. Life in the past was than it is now.

A. more boring B. happier C. more comfortable

2. People used to move from one place to another

A. by bike B. by motorbike C. on foot

3. There are kinds of entertainment now than before.

4. People in the past have weekends off.
