**VI. Read the passage, then decide if the statements that follow it are True or False**

Nowadays, with the help of Communication Technology, it is much easier for us to study or improve our knowledge. One way to do that is online learning in which people from one country can attend a college or university in another. Online learning is very convenient and cheap because we just stay at home and use a computer. Many universities in the world have been offering online classes for a number of years, and many students who have taken online classes say that they like them so much. Only reason is because they do not have to travel to a building at a busy timetable to listen to a professor. In addition, learning online programs is also diverse, so learners can receive programs for all levels from a distance education. Some online programs are very good and believable. They provide students with all information they need to finish their course. However, you should not send money to any schools that say you can get a college degree without doing any work. These online courses might be illegal organizations. So, thinking carefully is necessary before getting an education online. Be alert!

23. Online learning course is one of convenient ways to study more.
