# Get Ready to Read!

Why wait for school—give your preschooler every possible educational advantage now!

Start your child down the exciting road to learning

with this fantastic book. *My First 1000 Words* is a picture/word book that helps pre-readers understand the relationship between text and speech. Read along with your

child, and watch the connections form. The vocabulary words are grouped according to categories children will recognize instantly.

Each word is paired with a vibrant image to help kids connect

words to people, places, and things around them.

Many categories also include sample sentences that show young readers the vocabulary words used in action. Several of these sentences contain *Dolch* sight words—common words such as *in*, *is*, and *it* that appear frequently in text. Vocabulary words are highlighted in blue; sight words are highlighted in red. These sample sentences demonstrate how words work together to create language. Learning these vocabulary words and seeing them used in sentences will help children begin to read with confidence and have fun doing it!

# LIGHTING THE WAY TO LEARNING!

Children astound us with their ability to learn new words. They're naturals at it! But even the quickest learner can use a hand. With

fun categories, fabulous pictures, and

fantastic sample sentences, *My First 1000*

*Words* is a great book to help kids

along. This is a point-and-say

book for the pre-reader and a

terrific vocabulary builder for the early

reader. Spark their imaginations and

watch them light up with knowledge.
