(Thời gian làm bài: 50 phút, 40 câu hỏi trắc nghiệm)

THÁP THÀNH LUẬN

Read the following advertisement and mark the letter A, B, C or D on your answer sheet to indicate the option that best fits each of the numbered blanks from 1 to 6.

Discover the iPhone 16

Looking for a smartphone that redefines innovation? The iPhone 16 is the perfect blend **(1)** cutting-edge technology and sleek design. With its stunning Super Retina XDR display, you'll experience vibrant colors and incredible detail. Whether you're capturing photos or streaming videos, this device offers unparalleled performance. Want to enhance your **(2)** ? The iPhone 16 features the powerful A16 Bionic chip, **(3)** lightning-fast speeds for all your tasks. Plus, with its **(4)** , you can stay connected longer without worrying about **(5)** Millions of users have **(6)** in love with its intuitive interface and seamless integration with other Apple devices. You'll appreciate the enhanced camera system that captures stunning images in any light. Choose the iPhone 16 and enjoy the ultimate smartphone experience. Elevate your lifestyle today with a device that truly keeps up with you!

Question 1. [NTL] A. of

Question 2. [NTL] A. product

Question 3. [NTL] A. ensuring

B. by

B. produce

C. in **C.** productive

B. which ensure

C. is ensuring

Question 4. [NTL] A. improved battery life
C. life battery improved

Question 5. [NTL] A. to charging B. charging

Question 6. [NTL] A. fallen

B. gotten

D. on **D.** productivity
D. ensured

B. improved life battery
D. battery improved life
C. charge **C.**
become

D. to charge

D. appeared

*Read the following leaflet and mark the letter A, **B**, C, or D on your answer sheet to indicate the option that best fits **each** of the numbered blanks from 7 to 12.*

What is a scam?

Stay Safe: Understanding Scams and How to Prevent Them

A scam is a deceptive scheme designed to con people out of their money or personal information. These schemes can take many forms, including online fraud, phishing emails, and fake lotteries. In (7) words, scams are tricks that prey on your trust and can lead to significant financial loss.

Common types of scams

Phishing: Fraudulent emails or messages that appear to be from legitimate sources, tricking you into (8) personal information.

to claim it.

requiring you to pay a fee

Other scams: These can include fake charities, advance-fee scams, and online auction fraud, each designed to exploit individuals in different ways.

Tips to prevent scams

Verify sources: Always check the (10)

of requests for personal information.

£

Cùng Thầy Nguyễn Thành *Luân chinh phục 9+* Tiếng *Anh*

.

Root out suspicious communications: Don't engage with unknown contacts and report any suspicious emails or calls to the authorities (**11**) potential scams. Protect your information: Use strong passwords and enable two-factor authentication on your accounts to add an extra (**12**) of security.

Question 7. [NTL] A. others

Question 8. [NTL] A. giving off

Question 9. [NTL] A. reward

B. other **B.** giving up **B.** prize

C. the other

C. giving in **C.** trophy

Question 10. [NTL] A. frankness

B. honesty

C. authenticity

Question 11. [NTL] A. on behalf of **B.** regardless of

Question 12. [NTL] A. number

B. level

C. on account of **C.** amount

D. another **D.** giving away **D.** bonus

D. reality

D. in case of **D.** quantity

*Mark the letter A, **B**, C or D on your answer sheet to indicate the best **arrangement** of utterances or sentences to make **a** meaningful exchange or text in **each** of the following questions from 13 to 17.*

Question 13. [NTL]

a. Jamie: Yeah, I just finished the first volume, and I can't believe how gripping the story is!

b. Alex: I know, right? The art style is amazing, and the characters are so well-developed!

c. Alex: Have you started reading that new manga series everyone's talking about?

   A. a-b-c

Question 14. [NTL]

                    B. b-a-c

a. Anna: Hey, have you ever been to Landmark 81?

                        C. a-c-b

b. Tom: Sounds awesome! Let's plan to go this weekend.

c. Tom: No, I haven't! What's it like?

                             D. c-a-b

d. Anna: It's amazing! The view from the top is breathtaking, especially at sunset.

e. Anna: Great idea! We can check out the restaurants and the observation deck too!

   A. a-c-d-b-e

Question 15. [NTL]

Dear Ms. Giang,

          B. a-b-d-c-e

                C. d-b-c-e-a

                    D. d-e-a-b-c

   a. I've found that the knowledge you shared has been incredibly beneficial as I continue my education. b. I wanted to take a moment to thank you for the invaluable lessons you taught me during my time in your class.

c. I hope to stay in touch, as I would love to share my progress with you!

d. It's a joy to apply what I learned from you in my current studies.

   e. Your passion for teaching inspired me greatly, and I often reflect on the skills I developed under your guidance.

Best regards,

Kien

   A. d-b-a-c-e

Question 16. [NTL]

                    B. b-e-a-d-c

                          C. a-d-b-e-c

                                D. e-a-d-b-c

a. While many people find it challenging to quit, the support from healthcare professionals and various cessation programs can significantly aid the process.

b. The harmful effects of smoking on both individuals and society have become increasingly clear over the years.

c. Quitting smoking not only improves one's health but also enhances the quality of life, leading to increased energy levels and better overall well-being.

d. Studies have shown that smoking is a leading cause of preventable diseases, including cancer, heart disease, and respiratory issues.

ChatGPT, a powerful language model developed by OpenAI, **(18)**
introduced in 2020, **(19)**

It was first

Unlike traditional chatbots, which often provide limited and scripted responses, ChatGPT can generate detailed, coherent, and context-aware replies. This ability has made it useful for a range of applications, from customer service to creative writing assistance.

Employing advanced natural language processing (NLP) capabilities, **(20)** processes user inputs by predicting what comes next in a sequence of words, allowing it to create sentences that are not only grammatically correct but also meaningful.

. It

However, despite its impressive capabilities, ChatGPT also has its limitations. It can sometimes generate responses that are factually incorrect or biased, as it relies on the data it was trained on. Additionally, there are concerns about privacy and security, especially when sensitive information is shared during interactions. **(21)**

Overall, ChatGPT represents a significant step forward in the field of artificial intelligence. It has changed the way people think about AI communication, offering new ways to assist, educate, and entertain. As the technology continues to evolve, **(22)**

ChatGPT is just the beginning of what could be a future where AI plays an even more integral role in our daily lives.

Question 18. [NTL]

A. has transformed the way people interact with artificial intelligence

B. from which has transformed the way people interact with artificial intelligence

C. having transformed the way people interact with artificial intelligence

D. has the way people interact with artificial intelligence transforming

Question 19. [NTL]

A. when the need for advanced AI-driven communication tools became increasingly apparent

B. during which was the need for advanced AI-driven communication tools became increasingly apparent

C. needing for advanced AI-driven communication tools became increasingly apparent

D. the time AI-driven communication tools' need became increasingly apparent

Question 20. [NTL]

A. text can be understood and generated by ChatGPT based on the patterns it has learned from massive datasets

B. ChatGPT can understand and generate text based on the patterns it has learned from massive

C. massive datasets' patterns can help ChatGPT to understand and generate text

D. patterns can be learned from massive datasets by ChatGPT to understand and generate text

Question 21. [NTL]

A. Many users have expressed their interests in these limitations, urging for improvements

B. OpenAI is committed to addressing minor issues through ongoing research and development

C. These gains highlight the importance of user awareness and careful consideration

D. Efforts are being made to enhance the model's performance and mitigate these concerns

Question 22. [NTL]

A. there will be exciting opportunities for collaboration between humans and AI

B. ongoing research and development are expected to lead to even more advanced AI systems

C. many organizations are eager to explore the potential of AI technologies

D. it is essential to ensure that ethical considerations are taken into account

*Read the following **passage** about endangered languages and mark the letter A, **B**, C or D on your answer sheet to indicate the best answer to each of the following questions from 23 to 30.*

Social media has transformed the way we communicate, connect, and share information. It has become a fundamental part of modern life, influencing how people interact and consume content on a daily basis. Platforms like Facebook, Twitter, and Instagram have created a digital landscape where users can interact instantly, regardless of geographical barriers. When individuals share their experiences online, they contribute to a collective narrative that shapes public opinion and societal trends.

In addition to enhancing personal connections, social media has become an indispensable tool for businesses and brands. **Through sophisticated targeted advertising strategies, companies can effectively engage a wider audience in real-time interactions, thereby cultivating enduring customer loyalty and trust**. Furthermore, social media allows businesses to gather valuable feedback, enabling them to adapt their products and services based on consumer preferences. This immediate interaction not only enhances customer satisfaction but also drives innovation within companies.

Despite its numerous advantages, social media also presents significant challenges. Issues such as misinformation, cyberbullying, and privacy concerns have emerged as critical topics of discussion. The rapid spread of false information can lead to misunderstandings and contribute to societal **polarization**, affecting how communities perceive important issues. Moreover, the anonymity provided by social media platforms can **embolden** negative behavior, creating a toxic environment for users.

Looking to the future, the role of social media in our lives is likely to continue evolving. As technology advances, new platforms and features will emerge, shaping the way we connect and communicate. It will be essential for users to navigate these changes mindfully, being aware of both the positive and negative aspects of social media. Ultimately, how we choose to use these platforms will determine their impact on our society and individual lives.

Question 23. [NTL] Which of the following is NOT mentioned as an issue of social media?

A. misinformation

C. cyberbullying

Question 24. [NTL] The word **embolden** in paragraph 3 is OPPOSITE in meaning to

B. strengthen

B. robbery

D. privacy concerns

C. discourage

D. reassure

C. modern life

D. information

A. motivate **Question 25. [NTL]** The word **It** in paragraph 1 refers to

A. social media

B. way

Question 26. [NTL] The word **polarization** in paragraph 3 could be best replaced by

A. unity

B. separation

C. agreement

D. collaboration **Question**

27. [NTL] Which of the following best paraphrases the underlined sentence in paragraph 2?

A. Advanced targeted advertising strategies allow companies to engage a larger audience in real-time, promoting sustained customer loyalty and trust.

B. Using innovative targeted advertising approaches, companies can engage a more extensive audience in real-time, building temporary loyalty and trust.

C. Companies can utilize outdated targeted advertising techniques to connect with a broader audience in real-time, fostering lasting loyalty and trust.

D. With refined advertising strategies, companies can connect with a narrower audience in real time, nurturing trust and customer loyalty.

Question 28. [NTL] Which of the following is TRUE according to the passage?

A. Social media does not significantly influence the way businesses communicate with their customers.

B. The anonymity provided by social media platforms can encourage constructive interactions among users.

C. Platforms such as Facebook and Instagram have established obstacles that prevent immediate communication.

D. Social media allows companies to modify their products and services based on real-time feedback from customers. **Question 29. [NTL]** In which paragraph does the writer mention a present addition relationship?

A. Paragraph 1

C. Paragraph 3 **D.** Paragraph 4 **Question 30. [NTL]** In which paragraph does the writer mention some examples of social media platforms?

B. Paragraph 2

B. Paragraph 2

C. Paragraph 3

A. Paragraph 1

D. Paragraph 4 *Read the following passage about the urban shift and mark the letter A, **B**, C or D on your answer sheet to indicate the best answer to each of the following questions from 31 to 40.*

Obesity is a complex health issue characterized by an excessive accumulation of body fat, which poses significant risks to an individual's physical and mental well-being. It is generally measured using the Body Mass Index (BMI), where a BMI of 30 or higher indicates obesity. This condition is not merely a result of personal choice; rather, it is influenced by a myriad of factors including genetics, environment, and lifestyle choices. As the global prevalence of obesity continues to rise, it is crucial to understand its underlying causes and far-reaching consequences.

Obesity is caused by a complex interplay of genetic factors and environmental influences. For instance, individuals with a family history of obesity may possess genes that affect how their bodies regulate hunger and metabolism. In addition to genetic factors, the modern environment— characterized by the proliferation of fast food outlets, sedentary lifestyles, and the **pervasive** use of technology significantly

contributes to unhealthy weight gain. Furthermore, socio-economic factors play a pivotal role, as low-income individuals may have limited access to nutritious foods and safe spaces for physical activity.

[I] It is a leading risk factor for numerous chronic diseases, including type 2 diabetes, cardiovascular diseases, and certain types of cancer. [II] Additionally, obesity can adversely impact mental health, leading to issues such as depression, anxiety, and low self-esteem due to societal stigma. [III] The economic burden associated with obesity is also substantial, with increased

healthcare costs and lost productivity posing significant challenges to both individuals and healthcare systems. [IV]

A holistic approach involving individuals, communities, and governments is essential to address the obesity <u>crisis</u>. At the individual level, adopting healthier dietary habits and increasing physical activity are essential steps for weight management. On a community scale, creating supportive environments such as safe p arks, accessible recreational facilities, and educational programs can empower individuals to make healthier choices. All in all, comprehensive policy measures, including regulations on food marketing and subsidies for healthy foods, are imperative to foster an environment **<u>conducive</u> to**

maintaining a healthy weight and improving public health outcomes.

Question 31. [NTL] Where in paragraph 3 does the following sentence best fit?

The health implications of obesity are profound and wide-ranging, affecting nearly every system in the body. C. [Ш]

B. [II]

D. [IV]

A. [I] Question 32. [NTL] The phrase **<u>conducive to</u>** in paragraph 4 could be best replaced by

A. harmless to

B. indifferent to **Question 33. [NTL]** The word <u>its</u> in paragraph 1 refers to

A. personal choice

B. environment

C. detrimental to

D. beneficial to

C. global prevalence **D.** obesity

Question 34. [NTL] Which of the following is NOT mentioned as a cause of obesity in the passage?

A. genetic factors

B. medical conditions **C.** technology use

Question 35. [NTL] Which of the following best summarises paragraph 4?

D. fast food outlets

A. Addressing obesity requires individual responsibility and community support, focusing on dietary changes and physical activity.

B. Individual actions are the only solution to the obesity epidemic, as community and governmental initiatives have little impact.

C. Preventing obesity is solely the responsibility of healthcare providers, who have to implement more strict regulations on food consumption.

D. Comprehensive policy measures are unnecessary, as most obesity-related issues can be resolved through personal lifestyle changes alone.

B. limited

C. common

D. irritating

Question 36. [NTL] The word **<u>pervasive</u>** in paragraph 2 is OPPOSITE in meaning to

A. universal **Question 37. [NTL]** Which of the following is TRUE according to the passage?

A. Comprehensive policy measures are unnecessary if individuals adopt healthier dietary habits and increase physical activity.

B. The economic burden of obesity is minimal and has no significant impact on healthcare systems.

C. Creating supportive environments in communities is not considered an effective strategy for combating obesity.

D. Those with a familial background of obesity could carry genetic characteristics that impact their hunger levels and metabolic rates.

Question 38. [NTL] Which of the following best paraphrases the underlined sentence in paragraph 4?

A. To confront the obesity challenge, a united effort among individuals, local communities, and governmental organizations is necessary.

B. Not until individuals, communities, and governments collaborate will the obesity crisis be properly concealed.

C. Only by working separately can individuals, communities, and governments effectively address the obesity crisis.

D. It is crucial to adopt a fragmented approach that focuses solely on personal responsibility to tackle the obesity problem.

Question 39. [NTL] Which of the following can be inferred from the passage?

A. The global obesity crisis can be resolved through medical interventions alone.

B. Mental health issues related to obesity are less significant than the physical health risks.

C. Community efforts, such as providing safe parks and educational programs, can support healthier living.

D. Obesity primarily affects high-income individuals with access to fast food and technology.

Question 40. [NTL] Which of the following best summarises the passage?

A. The increasing prevalence of obesity stems primarily from poor dietary choices and sedentary lifestyles, requiring individuals to take personal responsibility for their health without the need for external support or intervention.

B. Obesity is a multifaceted health issue influenced by genetic, environmental, and socio-economic factors, necessitating a comprehensive approach that includes individual lifestyle changes, community support, and governmental policies to mitigate its risks and promote healthier living. C. As obesity rates rise globally, it becomes critical to address this complex condition by understanding its causes, including genetic predispositions and the impact of modern environments, while also considering the role of socio-economic factors in access to healthy food and physical activity.

D. To combat obesity effectively, individuals must adopt healthier habits and communities should create supportive environments, while governments are urged to implement policies that promote access to nutritious foods and physical activity opportunities.
